    UIT2201 (Fall 2013): Class Project Presentation Showcase
    Wed, 20-Nov-2013, 12:00am -- 05:00pm @USP-SR2
    Peer Grading Scheme
                      YOUR NAME, YOUR TEAM: _____
IMPORTANT:
  This grading scheme is each of you to do PEER GRADING of the PROJECT PRESENTATION
  of your peers. Each student will grade the ALL presentations by other teams, except
  their own team. Each student should apply consistent standard to all projects.

  The MAXIMUM overall score is 10. To assist/guide you in your scoring, I have also
  provide space for 4 sub-category. This is a guide ONLY. You do NOT have to use it.
  I will only look at the OVERALL score. Your scores are confidential. Thanks.

----------------------------------------------------------------
T07: Katrina Tan , Jennifer Yip, Elsie Cheruba   12:20--12:45pm
    UIT2201 Revision Quiz (in Scratch)                          OVERALL: _____ /10
    Intro:      Demo:       Delivery:      Q&A:
----------------------------------------------------------------
T06:  Jolene Lau ShiYing, Bernadine Lim AiWen    12:45--01:10pm
    Rush Hour with Scratch                                      OVERALL: _____ /10
    Intro:      Demo:       Delivery:      Q&A:
----------------------------------------------------------------
T08: Gloria Shi Guang, Emerlyne Teo Jia Wei      01:10--01:35pm
    The Food Diary with Scratch                                 OVERALL: _____ /10
    Intro:      Demo:       Delivery:      Q&A:
----------------------------------------------------------------
T09: Qiao Liang, Yang KaiYuan                    01:35--02:00pm
    The Wire                                                    OVERALL: _____ /10
    Intro:      Demo:       Delivery:      Q&A:
----------------------------------------------------------------
T10: Koh Zi Chun                                 02:00--02:25pm
    The Two Generals' Problem                                   OVERALL: _____ /10
    Intro:      Demo:       Delivery:      Q&A:
----------------------------------------------------------------
02:25--02:50pm       BREAK   BREAK   BREAK
----------------------------------------------------------------
T11: Joe Chee Seng Hong                          02:50--03:15pm
    NetworkViz (Learning Distributed Systems via Vizualiztion) OVERALL: _____ /10
    Intro:      Demo:       Delivery:      Q&A:
----------------------------------------------------------------
T05:  Tok Kheng Leng, Ang Cheng Koon             03:15--03:40pm
    Financial-InfoPack                                         OVERALL: _____ /10
    Intro:      Demo:       Delivery:      Q&A:
----------------------------------------------------------------
T04:  Mark Tang WeiGang, Tan Xin Ru              03:40--04:05pm
    Fit (IN) : Grab your Game and Stay Healthy Today           OVERALL: _____ /10
    Intro:      Demo:       Delivery:      Q&A:
----------------------------------------------------------------
T02:  Talia Seet Shwen Lee, Ho ShuYuan           04:05--04:30pm
    Logic Circuits with Scratch!                               OVERALL: _____ /10
    Intro:      Demo:       Delivery:      Q&A:
----------------------------------------------------------------
T01:  Gregory Chew Bo Wen, Samuel Lim Yong En    04:30--04:55pm
    Kitty Pong                                                 OVERALL: _____ /10
